

patch

Applying

Check and apply the patch:

```
git apply --stat fix_empty_poster.patch  
git apply --check fix_empty_poster.patch  
git am --signoff < fix_empty_poster.patch
```

Create

last commit

```
git format-patch -1
```

current branch and master branch

```
git format-patch gitlab/master --stdout
```

squash all commits

```
git checkout -b temp-squash master  
git merge --squash some-name-identifying-my-work  
git commit // ... remove the "Squashed commit of the following:" leader
```

format-patch

```
git format-patch -M -s master
```

This will generate patch files in the outgoing subdirectory, automatically adding the Signed-off-by line.

```
git format-patch -M -n -s -o outgoing origin/master
```

send e-mail

```
git send-email --to your@email.address 0001-....
```
