

# HACS: Home Assistant Community Store

Go to user profile and enable advanced mode

Download hacs.zip: [releases](#):

```
wget https://github.com/hacs/integration/releases/download/1.9.0/hacs.zip
mkdir -p config/custom_components/hacs
unzip hacs.zip -d config/custom_components/hacs
```

- Check configuration: Configuration -> Server Control -> Configuration validation -> Check Config
- Restart: Server management -> Restart
- Add HACS integration: Configuration -> Integrations -> Add Integration
- Search for HACS (if not found, please refresh browser page or refresh page cache)
- Add integration
- Restart HA
