

ppp

pptp client

To connect using legacy pptp:

```
sudo apt install pptp-linux
```

Issue:

```
MPPE required, but MS-CHAP[v2] nor EAP-TLS auth are performed.  
sent [LCP TermReq id=0x3 "MPPE required but not available"]  
rcvd [LCP EchoReq id=0x0 magic=0x5dd9b546]  
rcvd [LCP TermReq id=0x3 "peer refused to authenticate"]
```

Solution:

#	client	server	secret	IP address
john	provider	"secret"	*
